Questions for food service manager/staff

Harvest of the Month Sales

For this section, ONLY report for LOCAL (Montana grown, raised or made) Montana Harvest of the Month products.

From the **2021-2022** growing season, please check which Local Montana Harvest of the Month products your business sold to Montana institutions, restaurants and grocery stores.

**Brassicas include cabbage, broccoli, bok choy, kohlrabi, Brussels sprouts, turnips, and others.*

Select all that apply

- Cherries
- Summer Squash
- Kale
- Apples
- Winter Squash
- Carrots
- Beets
- Beef
- Grains
- Lentils
- Leafy Greens
- Chickpeas
- Dairy
- Brassicas*
- Buffalo

From the **2021-2022** growing season, what were your total sales (in dollars) for the following. (If you're not sure, an estimate is perfectly acceptable).

Enter numbers only, do not use letters or symbols (percentage, dollar, etc.).

Correct: 25000

Incorrect: 10%

Incorrect: 20000 to 25000

Incorrect: about \$25000

Incorrect: \$25000

Promotion & Implementation

Promotion & Implementation

If your operation hosted any educational events, please estimate the number of individuals that attended in the 2021-2022 growing season.

Children/Students (ages 0-18)

Adults

Please provide a brief description of the events held at your operation.

Do you have any questions about being a Montana Harvest of the Month producer?

What are the main challenges your operation faces selling to institutions (K-12, Early Care and Education, Business and Community, Healthcare)?

What are the main successes your operations has selling to MT institutions?

Please share any stories of success from implementing Harvest of the Month throughout this year. You can share stories, photos, or recipes at any time on the HOM Forum: <https://mtharvestofthemonth.org/home-producer/forumproducers/>
